"DRYS" CARRY THE CITY OF DANVILLE

Victory Yesterday by a Majority of 68 Out of 1314 Votes Cast.

N O SPECHES MADE.

Elections, it is Said, Will be Called in Lynchburg and Roanoke in Order to Press Advantage.

Danville, Va., April 16.—Coming like a clap of thunder out of a clear sky, to the advocates of the "wet" cause Danville voted "dry" yesterday by a majority of 68 out of a total vote cast of 1,314 .

The result came after one of the most unique campaigns ever conducted in the State of Virginia in a local option election. Not a speech was made in behalf of either side, and no publication of any kind issued, except yesterday morning when the "wet" forces published a statement in the morning paper.

The "wets" confidently expected victory, while from all reports, the "drys" although fighting gamely to the finish, expected to lose out by a small margin.

The result, therefore, was a complete surprise. In the four wards entitled to vote on the question, the result stood, wets, 623, drys, 691.

Ever since the election was called, over a month ago, both sides have been busy mustering their forces for the final test, and every effort had been made to see that each qualified voter should be present and cast his ballot. Early yesterday morning the opposing forces were on the scene, and vehicles of all kinds were busy during the entire day bringing out the vote.

Both sides expressed confidence during the day, and it was not until after the polls had closed that hope was abandoned by the losing side.

The First Ward, which had been counted on by the "wets" even to break even or give a "wet" majority, was the first to be heard from and went "dry" by 34 majority.

Shortly afterwards, the Fourth Ward reported. This ward has always been "dry," but was not expected to go over fifty. When it was known that it had given the white ribboners a lead of eighty, the knowing politicians were convinced that the "drys" had won. In a few minutes the returns from the Third Ward, showing a "wet" majority of only ten, confirmed the opinion. The Third had been counted upon by the "wets" for at least twenty-five and probably more.

With only one ward to hear from and a "dry" lead of more than 100, it was realized that the "wets" had a handicap that was impossible to overcome.

The Second Ward, the last to report, and a ward considered to be the stronghold of the "wet" forces, finally returned a "wet" majority of 38, and the "drys" began ther celebration.

The "wet" leaders stated that no contest will be made and that the result would remain unquestioned.

It was made known here last night that the result would mean that the "dry" forces would at once call elections in Lynchburg and Roanoke, hoping to press home their advantage.

The election here was practically without incident. The opposing forces were quiet and no difficulty of any kind arose.

Many challenges were entered, but for the main they were expected. In the First Ward a question as to registration arose and was decided in favor of the "drys." By this decision the "wet" forces lost probably fifteen to twenty votes.

Referendum on "Red Light" Law.

San Francisco, Cal., April 16.—Opponents of the "red light" abatement law enacted at the present session of the State Legislature have set in motion the machinery to obtain a repeal of the law by a referendum.

The law, which becomes effective August 1, is intended to do away with the segregated areas throughout the state. Its method of enforcement is by injunction proceedings that shall lie against the owner of any building used for immoral purposes.

By the provisions of the law many restaurants in San Francisco and many hotels and apartment houses in the larger cities of the state, would come under the ban. The persons behind the referendum movement assert that they will have the support of the business men throughout the State.

It will be necessary to obtain 19,353 signatures to the petition, 5 per cent. of the total vote cast in the state at the last general election.

Intimidation by a hundred strike pickets in the International Harvester Company's twine mill, at Auburn, New York, prevented 500 operatives from returning to work Monday morning, and after sixty-eight had struggeled through the lines of militia and entered the mill, the officers posted an order to close the mill permanently and to dismantel the machinery for shipment to Neuss, Germany. The machinery will be shipped at once. The machinists are now taking it apart. The building probably will be used for storage purposes.

Gaudart was skimming the sea in his machine in front of the pigeon-shooting grounds, where a large number of spectators were admiring his evolutions. Suddenly the hydroaeroplane lost its equilibrium, the left wing cut the water, the apparatus tilted and plunged into the depths. Gaudart's body was not recovered.

POPE'S DEATH SAID TO BE INEVITABLE

Pontiff Reported Suffering From Highly Increased Fever Today.

APOSTOLIC BLESSING.

Attaches at Vatican Enter Pietate's Room and Fall Upon Their Knees at His Bedside.

Rome, April 16. 2 p. m.—Dr. Andrea Amici, hastily summoned from lunch this afternoon, found Pope Pius suffering from highly increased fever. His condition is regarded as very critical.

Rome, April 16—Pope Pius X, convinced, despite his cheerful optimism, that his death is inevitable, insisted this afternoon on saying good-bye to all his personal attendants, most of whom served him when, as archbishop, patriarch, and later cardinal, he lived in Venice, and whom he brought to the Vatican when he was elevated to the pontificate.

Realizing that his end could not be far off, the papal physicians consented, but limited the number of servants to be admitted, singly, to the sick chamber, and the length of each visit. Solemnly cooks, grooms, gardeners and other attaches of the Vatican, entered the Pope's room, falling on their knees at the foot of his bed.

The Pope spoke to all of them in the Venetian tongue first thanking them for their long service and then giving them the apostolic blessing. Every servitor cried as if his heart would break, and before the audience had gone far, the Holy Father was crying, too.

Throughout the night an anxious crowd kept careful watch on the Vatican, for notwithstanding the assurances of Professor Ettore Marchiafava there was doubt that the "satisfactory general condition" of the Pontiff is borne out by the facts.

In the early night the Pope's condition first became really alarming. His temperature rose to almost 103 and remained there for hours. His pulse was very weak and he breathed with greatest difficulty. The bronchitis condition returned, noticeably more acute than before, and His Holiness was unable to cough satsfactorily. Sounds in the bronchial tubes indicated the spread of the infection to his lungs and the physicians contemplated giving him an emetic in order to clear the windpipe.

The Italian government, between which and the Holy See an impassable gulf is traditionally supposed to exist, this afternoon uniquely expressed the Quirinal's sympathy for the possibly dying Pope by sending aloft a military dirigible balloon, which for a considerable time sailed back and forth over the Vatican, that the Pontiff, looking out of his window, might see its evolutions. Before his sickness, the Holy Father's favorite pastime was watching the flights of dirigibles and aeroplanes.

RAINY AND COOL WEATHER.

Showery Conditions Continued Last Night and Today.

The weather this morning showed no indications of clearing. Clouds were still chasing each other from northeast and the temperature was chilly.

The Weather Bureau gave no promise of an early change last night.

The forecast sent out from Washington indicated that there would probably be light rains today, with a "low" still centered in North Carolina, and this vicinity an the northern edge of its influence was likely to experience continued downpours.

"Low," in weather parlance, means conditions which cause winds to blow in a direction contrary to the direction in which the hands of a watch move; when a "high" occurs, the winds move in the same direction as the hands of a watch. Thus with the "low" down in North Carolina ruling conditions hereabouts, the winds come from the ocean and cause the dampness which has prevailed for some days. Until the "low" moves on, there seems no chance of relief—and the weather bureau could see no positive sign last night that it was about to move on.

LOCAL MERCHANTS VICTIMS OF FORGER

Ft. Hunt Post Exchange Checks Are Used to Defraud.

PAYMENT IS STOPPED.

Lieutenant Guthrie's Name is Forged—Well-Known Non-Commissioned Officer is Missing..

Checks of the Fort Hunt Post Exchange made out in regular form and bearing the signature of Sidney H. Guthrie, first lieutenant of the Coast Artillery Corps, were used to defraud a number of Alexandria merchants out of several hundred dollars last Saturday night.

The checks were drawn on the American National Bank of Washington, and were made payable to the order of Walter S Cameron, ranking corporal at Fort Hunt and clerk of the exchange.

The checks were cashed by the Alexandria merchants for Corporal Cameron on last Saturday night. He was well known here and had no difficulty in securing the money. Since he has been located at Fort Hunt he has purchased thousands of dollars of merchandise from local firms. Ten checks were cashed, most of them being in amounts ranging from $15 to $25. Saloon keepers were the principal victims.

On Monday news reached Alexandria that Corporal Cameron was not at Fort Hunt and on yesterday the checks which had been cashed for him on the previous Saturday were returned by the Washington bank with notice that payment had been stopped by the Fort Hunt authorities as it was claimed that the checks were forgeries.

Lieutenant Guthrie confirmed by telephone this morning the story so far as he was concerned and stated that he had stopped the checks because his name had been fraudently used. He also admitted that one of the non-commissioned officers connected with the post exchange was missing since Saturday when he had taken French leave, carrying with him $150 belonging to the exchange and ten blank checks which had been taken from the back of the check book. He stated that the police authorities of Alexandria and Washington had been notified to arrest the man who would be charged with forgery and embezzlement.

PLAN TO TUNNEL POTOMAC.

Pennsylvania Railroad Company May Place Tube From Aquia Creek to Maryland

That the work of probing the bottom of the Patapsco river in the vicinity of the Quarantine Station near Baltimore, is preliminary to bigger schemes by the Pennsylvania Railroad, wa sthe definite statement given in Baltimore yesterday by an interest close to the company.

Similar work would be done, if it had not already been commenced, the railroad man said, in the bed of the Potomac river. In both instances concrete tubes would be laid under the rivers for railroad uses and the Pennsylvania was doing the work preliminary to building a cutoff line north and south on the western shore of the Chesapeake Bay. Continuing the official said:

In the present instance I am convinced that the Pennsylvania has very definitely determined upon what it wants with these surveys in the Patapsco and the Potomac. In contemplates a new line which will leave the present Fredericksburg, Richmond and Potomac road, which is the artery between the North and South used jointly by the Pennsylvania and other connecting Northern lines, at Aquia Creek, in Virginia. From this point the Potomac will be crossed to some point in Charles county, in lower Maryland. This will be done by a tube or tunnel under the Potomac, which is not much wider at that location than is the Patapsco at the point it is proposed to cross near Baltimore.

"Once in lower Maryland from this direction, the Pennsylvania could readily join up a new North and South line with its already existing Pope's Creek line, which extends through Charles and Prince George's counties, from Pope's Creek, on the Potomac, to Bowie, where it connects with the line to Washington. To secure this connection will require some additional road building in Charles county perhaps, as the point at which the Aquia Creek tube will touch the Maryland side in a direct line is about 18 or 20 mles from the Pope's Creek branch. However, the building of this link will open up anew and fertile section of that county, which will of itself make its construction and operation profitable to the company.

"The advantages of such a line to the Pennsylvania are not difficult to see. It could relieve that part of its line which now relies on the facilities at the Washington terminals of all the through freight and perhaps some of the xepress passenger traffic which at times congests that point. All the Southern roads bring their trade into that terminal. When it is recalled that this is furnished by the Southern, the Atlantic Coast Line, the Seaboard, the Chesapeake and Ohio and the Norfolk and Western, it can easily be understood why relief is sought. The Baltimore and Ohio and the Pennsylvania furnish the facilities for moving all this traffic north from Washington.

"The suggested link, therefore, will not interefere in any way with the existing relations between the Pennsylvania and its Southern connections. It will take all the through business from the Southern, the Seaboard and the Coast Line at its Aquia Creek junction avoiding hauling it into Washington. It will be sent north through Baltimore by an almost direct air line. This will give quicker service by shortening theroute and by avoiding the congestion now so frequent both at Alexandria and at Washington.

OBJECTIONABLE REELS

B. B. Smith Fined Five Dollars—Takes Appeal From Decision

Charged with violating the ordinance which was recently passed by City Council of Alexandria, prohibiting the showing of scenes of crime in moving pctures, B. B. Smith, manager of the Surprise Theatre and the Alexandria Opera House, appeared before Police Justice Harry B. Caton, this morning, and was fined $5. An appeal was immediately taken to a higher court and it was intimated that the validity and constitutionality of the ordinance would be contested.

Today's case was the first prosecution made under the ordinances which went into effect yesterday. Officer Rawlett and Sergeants Scott and Wilkinson saw the performance at the moving pictures theatres last night and summoned Mr. Smith to appear in court this morning. According to their testimony, there were two reels which were objectonable. One which was called "God's Unfortunates" showed a murder scene, in which one man was shot while attempting to stab the hero of the drama. In another reel, depicting the battle of Shiloh, a duel scene was shown in which one officer fires his pistol before his opponent is ready.

In rendering his decision Justice Caton stated that his construction of the ordinance was that pictures of a historical or educational character, even if they did show scenes of violence, would be permitted, but those of plain murders without any redeeming features, except the exciting appeal to those who cared for melodrama, would be barred.

Why Salves Can't Cure Eczema

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves only clog the pores and cannot penetrate to the inner skin below the epidermis where the eczema germs are lodged.

This—the quality of penetrating—probably explains the tremendous success of the well known liquid eczema remedy, oil of wintergreen, thymol, glycerine, etc., as compounded in D.D.D. Prescription.

We have sold other remedies for skin troubles but none that we can recommend as highly as this for we know that D.D.D. stops the itch at once. We can give you a trial size bottle for 25 cents that will be enough to prove it.

Of course all other druggists have D.D.D. Prescription—go to them if you can't come to us—but don't accept some big profit substitute.

But if you come to our store, we are so certain of what D.D.D. will do for you that we offer you a full size bottle on this guarantee:—If you do not find that it takes away the itch AT ONCE, it costs you not a cent.

BURNING OF A LAUNCH.

Fishing Smack and Tug Pick up Half Drowned Men.

Norfolk, Va., April 16.—Leaping from a burning boat to escape death by fire, twelve men were saved from drowning by a fishing smack, and the crew of the tug Virginia at 2 o'clock yesterday morning after spending two hours in the freezing water

The men, all of them attached to the navy, left the navy yard Monday night in a launch to attend a Masonic celebration at Old Point. They were on their way back when there was an explosion, and in a moment the launch was enveloped in flames.

Each man grabbed a life preserver nd leaped overboard. A. Erickson, ommissary steward on the receiving ship Franklin, clung to the side of the burning boat, and while supporting himself with one hand, used his cap with the other to throw water on the flames that were eating their way to the place where he held on for his life. Erickson had also tied a rope to one of his companions who could not swim. He was forced to let go the boat but held to his companion.

The explosion occurred near Bush Bluff between Lamberts Point and Sewells Point.

The men were in the water from a few minutes after midnight until 2 o'clock. A watchman on a fishing smack tied up at Sewells Point detected the glare from the burning launch and, thinking it was the lightship on fire, went to the rescue ... vessel picked up eight of the imperiled men and, blowing her whistle, attracted the attention of the crew ... the tug Virginia, which was also at Sewells Point. The latter craft also went to the rescue and picked up the four other men. All of them had managed to get their life preservers on, and floated around until assistance reached them.

The fire is believed to have originated from a gasoline explosion caused by one man in the party striking a match while repairs were being made to the engine.

Roadbuilding in Virginia.

The annual report of the state highway commissioner is now in the hands of the printer and the paper indicates a marked activity in the matter of roadbuilding throughout all sections of Virginia.

More especially is this true with regards to the Southwestern section of the state, although road construction is being pushed with vigor in a majority of the counties. During the last four years it is computed that not less than $7,500,000 has been expended by the state upon its public highways Already in the Southwest the Bristol-to-Washington highway is practically a fact.

Two Boys Drowned.

Luray, Va., pril 16.—While fishing from a boat in the Shenandoah river, at Shenandoah, this county, yesterday evening, Wesley Manning, aged about 14 years, son of A. V. Manning, and Samuel Rothgeb, aged about 16 years, son of J. R. Rothgeb, were drowned. The stream was greatly swollen, and the boys had rowed out to where the current was swift and treacherous. Their boat becoming unmanageable and starting to sink, the boys called loudly for help, when James Davis, Edward Hall and Benjamin Breeden, fishing from the shore, started to their assistance. In trying to rescue the boys the boat capsized and they came near drowning.

ALLEGED TAX DODGING.

Gross Evasion of Law Causes Judge Campbell to Make Statement

Wytheville, Va., April 16.—Judge Archibald A. Campbell, who was appointed in May, 1912, to succeed the late Judge Thornton L. Massie. of the Twenty-first circuit, composed of Carroll, Grayson, Wythe, and Pulaski counties, has showed that he is determined to have tax dodgers in this section of the state prosecuted in the future, unless false assessments of property values are corrected at once.

Judge Campbell said that he endeavored to be fair and emphatic but added that unless there is prompt correction, drastic steps may be expected and the guilty persons haled to court.

With the published list of C. Lee More state Auditor,before him,Judge Campbell called attention to the gross evasions in giving in tax assesments. He said that on Feb. 1 not a dollar was on deposit in any bank to the credit of any citizen living in the west end of the county, and that on Feb. 20 there was on deposit $239.

Judge Campbell referred to the small valuations placed by farmers of the west end of the county on their live stocks, hogs being assessed at $1.60 a head; cattle at $11; horses at $30, and other farm belongings in like proportion, while not a sewing machine, watch, clock or picture book in the whole west end of the county were reported.

Judge Campbell said if the proper corrections are not voluntarily made he intends to see that the gross evasions of the law are corrected by a special grand jury, which he will summon for the July term of court He would have the very best men in the counyt conduct the investigation.

SONS OF SECESSION.

Son of Judge Boisseau, Urges Formation of Society.

Richmond, Va., April 16.—Sterling Boisseau, son of Judge James Boisseau, delegate to the convention of Secession in 1861, has suggested the organization of a society composed of sons of signers of the Virginia ordinance of secession, for the purpose of co-operating with the Sons of Veterans in gathering and preserving the history of the convention and its members.

Mr. Boisseau suggests that the sons of the delegates each furnish biographies of their fathers who participated in the convention and whose names were signed to the ordinance The longer this it put off he says the more difficult will become its accomplishment. Mr. Boisseau made this same suggestion some years ago but nothing toward forming an organization has ever been done

Judge Boisseau was the delegate from Dinwiddie county and his son offers to furnish his biography. If others co-operate in this matter, he thinks, the biography of every delegate can be secured as a valuable asset to Virginia's historic annals.

V. M. I. LOSS IN WAR.

Senator DuPont's Effort to Get $214,723.62 for the School.

The Washington newspapers have taken up the movement which has for some years been pushed at the national capital to urge congress to pass favorably upon a bill to reimburse the Virginia Military Institute for damages and destruction wrought upon its property during the war between the states, which depredations were made under orders from General Hunter, commanding United States forces.

The sum desired is placed at $214,723.62. A bill for such an appropriation has been introduced jointly by Senator DuPont, of Delaware, and Congressman Flood, of Virginia.

DANVILLE VOTES DRY

Anti-Saloon Forces Carry Election By Small Majority.

Danville, Va., Apjril 16.—The four wards of this city entitled to vote on the question of liquor cast a majority vote of 68 against the saloons yesterday. The total vote was 1,314—wets, 623; drys, 691. Not a speech was made during the campaign which had been waged during the past month.

The surprise came when the vote of the first ward was announced, giving a "dry" majority of 36. It had been expected to break even or go "wet" by a small majority.

NEWSPAPER MEN TO BE LICENSED.

It seems that Virginia is not the only state in the union which is saddled with unnecessary officials. The last constitution provided for a number of state officeholders the need of which has never been apparent.

Every Illinois newspaper man hereafter will have to obtain a license after being duly examined by a "State board of journalists," if a bill being drafted by Lieut. Governor O'Hara is approved by the legislature.

Members of the examining and supervising board are to draw salaries of $4,500 a year, and a chairman is to get $5,300. There is to be no appeal from the action of the board. Reporters, editorial writers, copy-readers, head writers, musical and dramatic critics, and sporting writers who work without a license may be fined from $20 to $100 for each day's work, or be sent to jail for six months. Publishers employing unlicensed men or women are liable to similar penalties.

Owners or lesses of newspapers or publications will not be barred from editing or writing for their own papers. Every apprentice will be required to register with the State board, and prove that he is of good moral character.

Should the above bill, in a thoughtless moment, become a law in Illinois, we may expect a similar one to make its appearance in the General Assembly of Virginia at an early day.

REPRESENTS THREE MILLION WOMEN.

Alexandria, which has been the gathering place of many important organizations in its long and historic career, never entertained a more representative body of women than will be gathered here in the next two or three days. It will not be a large gathering in point of numbers for it is an executive meeting only and there is but one representative from each of the affiliated bodies but each delegate is from a society that has thousands of women enrolled in its membership.

The National Council is composed of sixteen National Organizations, representing as many phases of national thought and activity,and nine local councils, consisting of over two hundred federated societies; in all, representing more than three millions of women.

The National Council of Women represents organized effort along all the lines of education, industry and philanthrophy, as well as moral, civic and government reform. With all their diversified work, the constituent organizations are united upon many of the vital questions touching the home, humanity and government.

SUN TRYING HARD TO SHINE.

After being hidden behind dismal clouds for days the sun was peeping timidly out of its misty veil this afternoon for a few minutes and was trying to shine just a little bit. But is was a pretty feeble sort of attempt and not at all the kind that is wanted to clear away the wet and disagreeable gloom that the rains have produced during the past week.

LETTER OF APPRECIATION.

Board of Trustees of Alexandria Hospital Send Testimonial to Col. Herbert.

At the recent meeting of the trustees of the Alexandria Hospital the resignation of Colonel Arthur Herbert as President of the Board was accepted with general regret. A committee was subsequently appointed to send a communication to the colonel expressing their appreciation of his services as well as his material aid in conducting the affairs of the hospital. The following is the communication:

April 14, 1913.

Col. Arthur Herbert, Alexandria, Va.

Dear Sir: The trustees of the Alexandria Hospital, desire to express their deep regret, that you have felt it necessary to resign as President of the Board of Trustees, and head of this institution, which you have served so long, faithfully and efficiently. In accepting your resignation, the Trustees recognize that the Hospital has suffered an irreparable loss, because of the prestige which you have given the Institution by your devoted, self-sacrificing and faithful services as its Executive head They feel, that its present high state of efficiency and excellence are largely due to your labors in many years you have been its head, and as well, your marked liberality in the support of this great and benevolent agency in your community. Your withdrawal from the activities of thework of the institution, as well as from personal association of the Trustees, which have always been of the most cordial character, is deeply felt by each member of theBoard, and they feel that its work in the coming years, will but reflect credit upon the one who has done so much in its foundation and development. The trustees, can but feel, that your devoted services have been prompted only by that spirit of benevolence which comes from a faith and belief in the great teacher and leader of men, who has been your inspiration, and who now is the comfort and strength of the mature years of your life

The trustees and each of them beg to assure you of their sincere affection, and wish for you yet many years of usefulness with accumulated blessings from above.

Very sincerely,
GARDENER L. BOOTHE.
WORTH HULFISH,

SHOW YOUNG HORSES.

Mrs. Allen Potts Enters Green Animals for Exhibit.

Mrs. Allen Potts, formerly of Castle Hill, Albemarle county, Va., but for several years of Gordonsville, will bring three young horses to the National Capital Horse Show. Mrs. Potts has sold off her older horses, but the three she will bring are of the highest type.

Mrs. Potts' entries include Bracken Rose ,a baby saddle mare; Boethic, a heavy weight hunter, and Day Star II, a pony of unusual excellence. All three are green to the show ring, but under Mrs. Potts' handling they are expected to make a first class showing.

Mrs. Pottis disposed of the Star of her string, Willow King, a year ago to Samled D. Riddle, of the Glen Riddle farms in Pennsylvania. Mr. Riddle expects to show Willow King at the National Capitol Horse show with the remainder of his string, which includes a number of first-class hunters.

John O. Gheen and Thomas Bones have been appointed ring stewards for the show. Mr. Gheen left today for Brooklyn to attend the horse show there tomorrow and Friday. He will also consult with Albert D. Carnea, who has been selected as the auctioneer for the throughbreds which will be sold at the Washington meeting.

SMILES.

By The Second Ward Bard.

THE BOOKS I LOVE.

You may talk of reading Shakespeare's plays and Milton's poems grand,
You may seek the finest lit'rature that's known throughout the land,
But the books I love are those that tell the stories of today,
That deal with war, adventure, love and hate, and work and play.

The reading that just suits my taste is of the kind you buy
For ten cents or a nickle, and that makes you laugh and cry,
The yarns which deal with peoples' woes or happiness that cheers,
The tales which bring you gladness or which fill your eyes with tears.

I like the human element in stories that I read,
I like to see how warriors fight and how the lovers plead,
The works that masters wrote are miles above a mind like mine,
But the yellow-covered novels are just right and suit me fine.

So read the better writings if they satisfy your soul,
But give to me the common books, they are my highest goal,
I reckon most men find it hard to like the classic rhyme,
But you'll see how they enjoy a book that costs a paltry dime.

Well, we notice those English women got another one yesterday. Wouldn't it be awful if our D. A. R. girls got militant?

We are hard-pressed to fill up today. The continuous down-pour depresses us. Along in August we'll be praying for one day of this to save the corn crop. It's hard to dope it out.

He represents our commerce in conventions o'er the state,
He's handsome and he's cultured and his civic pride is great,
His duties as a banker he is careful not to shirk,
And so we wish him luck and power, this C. S. Taylor Burke.

ASSERTS HER INNOCENCE.

Mrs. Bridge, in Jail at Staunton, is a Nervous Wreck.

Staunton, Va., April 16.—Asserting her innocence of charge against her and declaring there was no other man for whom she cared, Mrs. Minnie Trevilian Bridge, who was brought to the county jail here after being arrested in her home in Basic City on a warrant accusing her of murdering her husband, Clint Bridge, by giving him strychinne in cream tarts while he was eating his dinner Sunday, March 30, is almost a nervous wreck.

It is yet to be proved whether there was another man in the case, or that the "eternal triangle" had anything to do with Bridge's tragic death The accused wife says she was entirely dependent upon her husband and denies that she knew anything about poison being in the tarts.

TO FIGHT WOMAN SUFFRAGE.

Antis Plan Greatest Demonstration Country Has Yet Seen.

Anti-suffragists have started on what their leaders in Washington declare will be the greatest demonstration against woman suffrage that the country has ever seen.

"Drawing-room meetings" will be numerous. Congress will be assailed, and the week will end with two public meetings, one on Friday night and the other the following evening. Women of national note in the crusade against enfranchisement for their sex will be among the speakers.

Mrs. A. J. George, of Boston, organizing secretary of the Massachusetts Association Opposed to Woman Suffrage, and Mrs .Arthur M. Dodge, president of the national organization, have taken control of the situation. Their program for the week includes a hearing before the Senate Woman Suffrage committee Saturday, arrangements having been completed for their reception.

The suffragists will also be heard on that day and will present their pleas after their opposing sisters have had their inning.

NEWS OF THE DAY.

Hit by a street car and hurled six feet, crashing to the pavement with terrific force, Rosie Mestesky, four and one-half years old, daughter of Mr. and Mrs. Julius Mestesky, of Fifth and U streets northwest, Washington, was instantly killed yesterday afternoon at 5:20 o'clock in Fifth street, northwest, between Massachusetts avenue and K street. The little girl was attempting to cross the street, and, it is said, ran directly in front of an oncoming southbound car. Charles Schuarlzbirch, the motorman, put on the emergency brakes, but the car hit the little girl before he could bring it to stop. Her skull was fractured and her neck broken. Julius Mestesky and wife, Ida, are natives of Russia and have been in this country six years. The father is a tailor.

Enormous policies of insurance are being placed on the art treasures of the late J. Pierpont Morgan in the Metropolitan Musemum of Arts and his private library in New York, the valuation being stated at $34,000,000. Of this amount $24,000,000 represents the great collection in the museum or in storage and $10,000,000 the books and works of art housed in the library It is generally believed that the estate will be less than the $100,000,000 mentioned in the news dispatches, owing to the many benefactions of Mr. Morgan in his lifetime.

A modern Bluebeard has been arrested in Frankfort, Germany, on the charge of murdering one wife and attempting to kill a second and a third. Karl Hoff, aged 50, a druggist, an expert fencer, and a dabbler in black magic, was seized by the police after paying a visit to this third wife, who is lying dangerously ill at a hospital, showing symptoms of arsenical poisoning. It is said that the prisoner has confessed to an attempt to murder in order to obtain the insurance on her life.

Mrs. Jesse Stroud is in jail at Shreveport, La., accused of the killing of her husband late Monday in the Caddo oil field. According to Mrs. Stroud, her husband ordered her from her horse after he met her riding with a neighbor. "Stroud had beaten the young man," said Mrs. Stroud, "then he told me to get off my horse. When I dismounted I was shooting." Mrs. Stroud declared she was riding to meet her husband when the young man, Edward Beeler, joined her. Stroud was 28 years old and employed in the Caddo oil field.

Traffic on the Great Western Railroad of England, was imperiled yesterday when suffragettes cut a number of railroad telegraph and telephone wires. The trains could not be dispatched with accuracy owing to the interruption of communication and several wrecks were narrowly averted.

Secretary Bryan is receiving congratulations upon the birth of his fifth grandchild, Reginald Bryan Owen, at Elphan, Kent, England. This newest grandson is a son of Lieut. Regianld Owen, of the Royal Engineers, and Mrs. Owen, formerly Ruth Bryan.

Pennsylvania Railroad detectives all over the system have been detailed on a robbery involving $8,000 in jewels and money that occurred Monday night on a passenger train between Baltimore and Altoona, Pa. A chamois bag containing pearls, diamonds, and currency was taken from the waist of Mrs. Catharine Gaddis, of Dayton, Ohio. Mrs. Gaddis discovered the disappearance of her valuables when she arrived here. Search failed to reveal any trace of the bag or its contents.

Clergyman's Son Had Tuberculosis; Now Well

People who have Consumption are often filled with bright hopes of recovery, only to realize that improvement is but temporary. Consumption is dreaded by everyone. Those who had it and used Eckman's Alterative can testify to its beneficial effects. No one need doubt it—there is plenty of evidence from live witnesses. Investigate the following:—

Amenia, N. Y.

"Gentlemen: Prior to Feb., 1908, I was located in Rochester, N. Y., suffering with La Grippe, which developed into Tuberculosis. My physician gave me one month to live. I was having terrible night sweats and mid-day chills and losing flesh rapidly, having gone from 155 to 135 pounds. I coughed and raised continually and became so weak that walking a few feet exhausted me. On my return home, my regular physician gave me little encouragement. My father, who is a clergyman, heard of Eckman's Alterative and induced me to take it. The night sweats and chills disappeared, my cough became easier and gradually diminished and in a few days I developed an appetite, the first in months. I am now in perfect health, back to 155 lbs. I feel certain that I owe my life to Eckman's Alterative."

(Signed) E. H. COWLES.

"Gentlemen: I cannot find words to express my appreciation of what your remedy has done for my son. It changed despair into hope within two weeks after he began taking it, and without any doubt in my mind, it saved his life. I wish to add my endorsement to every word of his testimonial."

(Signed) REV. J. J. COWLES, Pastor Presbyterian Church.

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists

TRUSTEE'S SALE OF RESIDUE.

Trustee's sale of the residue of the "Belvoir" or "White House' 'tract of land located in Mt. Vernon Magisterial District, Fairfax County, Va., containing approximately 1100 acres with improvements.

By virtue of the authority vested in us by the will of Philip Otterback deceased, and under decree of the Circuit Court of Fairfax county, Va. in the suit of Otterback vs. Bohrer, at its March term, 1913, the undersigned trustees will offer for sale at public auction, in front of the Royal Street entrance to the Market House in Alexandria, Virginia, at

12 O'CLOCK NOON, ON SATURDAY, THE 26th DAY OF APRIL, 1913,

the above described property.

This tract, the old home of Lord Fairfax and separated from George Washington's home at Mt. Vernon by Dogue Creek, originally consisted of approximately twenty-seven hundred (2,700)acres,of which 1,500 acres has been taken by the United States Government for a school of Equitation or Horsemanship. The balance between ten and twelve hundred acres consists of valuable farming lands and about eight hundred (800) acres of valuable timber. It has a large deep water frontage on the Potomac river as well as a large frontage on Dogue Creek, with valuable fishing shores. The property is improved by the old mansion house, familiarly known for many years as the "White House," a club house, barns, stables, out-buildings and tenant houses. It is situated on the county road between Mt. Vernon and Accotink and is about four miles by road from Mt. Vernon. This property is one of the most historic in the section and would make a very desirable country estate because of its location and the opportunities afforded for fishing and shooting.

Terms of Sale:—One-third cash and residue in 3 equal annual payments at one, two and three years from the date of the confirmation of the sale with interest from the said date of the confirmation of sale at the rate of six per cent per annum, interest payable semi-annually with right to anticipate the time of paying the deferred payments, secured by retention of title till paid.

WANTS COURT OF MORALS.

Illinois Vice Commission Will Urge Women For It.

Chicago, April 16.—State morals court with women as judges to protect working girls against unprincipled employers will be proposed in a bill to be introduced in the Illinois Legislature by the State Senate's "Welfare Commission." Lieutenant Governor Barrat O'Hara, chairman of the commission, made this announcement yesterday just before the members of the investigating body departed for Springfield.

"We have received scores of letters from stenographers and factory girls telling how they had been led astray by the men for whom they worked," said the lieutenant governor. "These letters were not anonymous, and we have a list of more than 200 business sand professional men filed away for reference. These men figured in the communications we received as responsible agents for the moral ostracism of more than 200 girls.

"The girl who is wronged by a man of station can do nothing under present conditions. When she goes to court the public injures her more than it does the man, and she is frequently accused of attempting blackmail. Most girls cannot even go to court because of lack of funds.

"With five women acting as judges of a state morals court conditions will be changed.

"Girls can tell their experiences in confidence and escape harmful publicity. The name of the responsible man will be known to the court, and if circumstances warrant the information can be used either to drive the man from the community or to prosecute him."

DOUBLE TRAGEDY.

Prince And Mrs. Lomax Had Made Their Wills.

Goldsboro, N. C., April 16.—Cleveland Prince, a young farmer who killed Mrs. May Carter Lomax in her room in Goldsboro, N. C., hospital Monday, and fired a bullet into his own head, died at 7 o'clock yesterday morning.

An investigation of the tragic murder of Mrs. Lomax leads to the belief that the double tragedy was a result of a suicide pact, as it was learned that both Mrs Lomax and her slayer made their wills Sunday, three days after she was injured while motoring at night with Prince.

Before he left his home for the hospital on his errand Monday Prince kssed his aged mother remarking that it would be the last time she would see him alive.

According to current gossip jealousy is aid to have caused the killing of Mrs. Lomax. Prince, who is a prosperous farmer of Wayne county, went to the Goldsboro hospital where his victim was a patient Monday and requested to be shown to her roof. He was accompanied by a young lady, but asked her to step out into the hall for a moment as he wished to talk to Mrs. Lomax privately.

The young woman had hardly reached the hall when she heard two pistol shots. When she and the hospital atendants rushed into teh room they found Mrs. Lomax and Prince unconscious upon the floor, he having fired the second shot into his own head.

Mrs. Bomax was in the hospital recovering from injuries received a few nights since while automobile riding with Prince and others. She was the wife of a Southern Railway baggagemaster, and conducted a millinery store in Goldsboro.

Recently Prince and Mrs. Lomax had been often seen talking together, but few, if any, gave it a serious thought; subsequently, Prince, about four months ago, went West, for his health, and people forgot it.

He returned two weeks ago, and Thursday night he and Mrs. Lomax, in the latter's automobile, left the city together for a spin, and Friday morning the wrecked automobile was found on the road near the park.

The foreclosure of the sale of the Fifth avenue, New York, home of General Daniel E. Sickles, which was to have taken place tomorrow, has been indefinitely postponed and the General will be allowed to end his days in his old home. Under the agreement General Sickles will pay an annual rent of $2,000 which will be applied as interest upon the mortgage. As long as he complies with this he will be allowed to remain in the house under an extended mortgage.

MISSING COTTON BROKER.

Whereabouts of Joseph W. Martin Still a Mystery.

The Scotland Yard (London) officials & Burns, the American detective, after another fatiguing day, appeared to be no nearer a solution of the mystery of the disappearance of Joseph W. Martin, the Memphis cotton broker.

Even women crystal gazers, who offered supposed clues, were patiently examined, but out of the endless chain of alleged clues to Martin both dead and alive all proved worthless, and, although the police view is stronger than ever that Martin still has no evidence of any kind as yet available.

The latest theory is that Martin's disappearance may possibly have been due to his being involved in some sort of financial complications but even this is ratner a matter of conjecture than knowledge.

Detective Burns, who was inclined to attach weight to the rumor that Martin had been seen in Paris says that the latest indications pointed to Spain as a most likely hiding place.

Martin was in Washington the day before he sailed, and flashed a roll of $4,000.

He was accompanied to a bank by a friend from Memphis, a newspaper man, and changed four $1000 bills into notes of smaller denomination. He informed his friend that he had been accustomed to going to London with large amounts of money, an dthat he had made it a practice to carry bills of $50 and $100 denominations.

Martin, who was in Washington January 20, was urged to purchase a letter of credit instead of carrying so much money in bank notes, but he insisted on taking the real stuff. To satisfy his friends, however, Martin distributed the money in various pockets. It is said that he had a much larger sum than $4,000 when he sailed from New York.

CONVICTS TO WORK ON ROADS.

Nine Camps to be Placed May 1 by Penitentiary Authorities.

Richmond, April 16.—On May 1 nine convict camps will be placed in commission by the penitentiary authorities for the purpose of road improvement and construction in Virginia and the contract between the state and the Thacher Shoe Company, in force in the state prison many years, will have reached its end.

By agreement a small percentage of convicts will still be hired out to the Thacher people at the penitentiary until October, when the Star Clothing Manufacturing Company, if it is not restrained by the courts, will begin its five year contract with Virginia for the working of convicts labor in the big prison.

The Circuit Court of the city of Richmond has not yet acted in the injunction proceedings filed recently by the Blue Ridge Overalls Company, of Roanoke. The contract between the Star Company an dthe state is to become operative in November.

Copies of foreign newspapers, which have been received at the State Department contain allegations from Peking that the Standard Oil Company has offered to make a loan of $35,000,000 to the Chinese government in return for the sole right of exploiting petroleum in China. The State Dement has received no confirmation of this statement.

SHE GAVE UP ALL HOPE

Physicians Failed To Help Mrs. Green, But She Finally Found Relief in Cardui.

Meetze, Va.—Mrs. J. C. Green of this place, says: "I suffered with womanly troubles so that I could hardly sit up. Two of the best doctors in our town treated me, and I tried different medicines, until I gave up all hope of ever getting well.

One day, I decided to try some Cardui. It did so much for me that I ordered some more, and it cured me! Today, I feel as well as I ever did in my life.

The pains and the trouble are all gone. I feel like another person in every way. I wish every sufferer could know what Cardui will do for sick women."

A few doses of Cardui at the right time, will save many a big doctor bill, by preventing serious sickness.

It tones up the nervous system, and helps make pale cheeks fresh and rosy. Thousands of weak women have been restored to health and happiness by using Cardui. Suppose you try it.

It may be just the medicine you need.

URGE YOUNG MEN TO VOTE.

Committee of 250 Will Make a Thorough Canvass.

Richmond, April 16.—Enthusiasm marked the meeting of the young men's registration committee at the Jefferson hotel Monday night, and more than 200 men pledged themselves to search out the youn men eligible to vote in Richmond, who have neglected to perform their duties as citizens and to urge them to become enrolled on the city's voting list.

Six speakers made addresses calling upon the young men of Richmond to qualify for the ballot and urging the members of the committee to make a thorough canvass of the city so that none of the eligible voters not already registered will be overlooked.

It was pointed out that there are some thousands of young men in Richmond who have not qualified for the ballot because they are negligent and because the responsibility that rests upon them as residents of the city has not been properly presented to their attention.
